Safeguard Services for Fannie Mae in Blue States
Methodology for Investigation

- **Neighborhoods selected for investigations were:**
  - Majority African American
  - Majority Latino
  - Majority Non-White
  - Majority White

- **Neighborhoods selected had Fannie Mae foreclosed homes listed for sale on Fannie’s website and serviced by Safeguard Properties.**

- **100% of Safeguard-serviced REOs in targeted zip codes were investigated.**
Methodology for Investigation

- Fannie Mae contracts for 8 maintenance items with Safeguard Properties.
  - The investigator marked “yes” or “no” as to whether the deficiency was present on the REO.
    - For example, 1 hole in the structure would count as 1 deficiency; likewise, 3 holes would count as 1 deficiency.

- Photos were taken of the REO and neighbors on both sides and across the street.
Safeguard is paid to take care of just 8 maintenance issues for Fannie Mae’s REOs:

- Accumulation of Trash or Debris
- Overgrown Grass/Leaves
- Overgrown or Dead Shrubbery
- Invasive Plants (Covering 10% or More of the Structure)
- Unsecured or Broken Doors
- Unsecured or Broken Windows
- Unsecured Holes in the Structure
- Broken or Missing Steps and Handrails
Evaluation Measures

Curb Appeal
- Trash, Leaves, Overgrown Grass, Overgrown Shrubs, Invasive Plants.

Structure
- Broken Windows, Broken Doors, Broken Steps or Handrails, Holes.
It’s the Law.

Federal Fair Housing Act

- The differing maintenance of REO properties based on racial or ethnic composition of neighborhoods is a violation of the Fair Housing Act.

- HUD’s regulations clearly state that “failing or delaying maintenance or repairs of sale or rental dwellings because of race…” is a prohibited action under the Fair Housing Act.
Safeguard Properties as a Contractor for Fannie Mae is Covered Under the Law.

- Agents performing services on behalf of property owners can be liable for their own violations of the Fair Housing Act (FHAct).

- Thus, companies like Safeguard who are under contract with Fannie Mae to conduct maintenance or marketing of REOs can be liable for their racially discriminatory maintenance of property in violation of the FHAct.

- Because traditional rules of vicarious liability apply under the FHAct, Safeguard may be exposing Fannie Mae to liability under the FHAct.

Investigated in New Orleans

- Greater New Orleans Fair Housing Action Center investigated 44 Fannie Mae REO serviced by Safeguard in New Orleans, LA.
  - 26 located in African American communities.
  - 1 located in a majority non-White community.
  - 17 located in White communities.
Racial Disparities

- 78% of Safeguard-serviced REOs in communities of color had significant trash accumulation.
  - Only 12% of REO properties in White neighborhoods had trash.

- 41% of Safeguard-serviced REOs in communities of color had overgrown grass and leaves.
  - Only 29% in White neighborhoods had the same issue.

- 52% of Safeguard-serviced REOs in communities of color had overgrown or dead shrubbery.
  - Only 18% of REO properties in White neighborhoods had overgrown or dead shrubbery.
Safeguard has only 8 responsibilities according to Fannie Mae. Removing dead shrubs and covering holes are included, but Safeguard did neither at this home in an African American neighborhood.

You might think this trashy yard and broken door reflect a home in a run down neighborhood, but…
Safeguard is doing a “drive by” front view of the REO. By not securing the back door or removing trash, Safeguard is inviting vandalism in this middle class African American neighborhood.

QUESTIONS???
Safeguard has been paid for doing poor work, especially in African American and Latino neighborhoods. Safeguard fails to do the easy work of removing trash and leaves, mowing lawns and trimming shrubs, covering holes and securing doors and windows. How much profit is Safeguard making by handling thousands and thousands of Fannie Mae REOs?
